Workshop Evaluation:

Participants were highly engaged throughout the workshop, actively participating in discussions and hands-on activities. The sessions were informative and practical, providing faculty members with valuable insights into leveraging Cisco Webex Meeting for remote collaboration and online teaching.

Recommendations for Future Workshops:

- Incorporate more hands-on activities to reinforce learning.
- Provide follow-up resources or support for ongoing skill development.
- Consider advanced sessions for faculty members who have already mastered the basics of Cisco Webex Meeting.

Conclusion:

The workshop on the training of Cisco Webex Meeting facilitated by Dr. Prasad Karande was successful in achieving its objectives of enhancing faculty members' proficiency in utilizing the platform for remote collaboration and teaching purposes. It is anticipated that the skills acquired during this workshop will contribute to the improvement of online teaching practices and increase effective communication among faculty members and students.

Training Program Report on EBSCO Host Doss Database

Date: August 26, 2018

Duration: 11:00 AM - 3:00 PM

Speaker: **Dr. Rakesh Mutha**

Overview:

On August 26, 2018, a comprehensive training program was conducted on the utilization of the EBSCO Host Doss Database. The session aimed to equip participants with the necessary skills and knowledge to efficiently navigate and utilize the features of this database for research purposes.

Agenda:

Introduction to EBSCO Host Doss Database: The session commenced with an introduction to the EBSCO Host Doss Database, highlighting its significance in academic and research contexts. The trainers elucidated the database's scope, content, and relevance to various disciplines.

Navigation and Basic Search Techniques: Participants were guided through the interface of the EBSCO Host Doss Database, learning how to navigate through different sections and utilize basic search functionalities effectively. Emphasis was placed on keyword search strategies and the use of filters to refine results.

D Y PATIL GROUP

D Y PATIL DENTAL SCHOOL

Affiliated to the Maharashtra University of Health Sciences, Nashik
Recognized by Dental Council of India

Advanced Search Strategies: Building upon the basics, attendees were introduced to advanced search techniques to enhance the precision and relevance of search results. Topics covered included Boolean operators, truncation, phrase searching, and field-specific searches.

Utilizing Special Features: The training delved into the special features offered by the EBSCO Host Doss Database, such as citation management tools, saving searches, creating alerts, and accessing full-text articles. Participants were provided hands-on guidance to utilize these features optimally.

Best Practices and Tips: Throughout the session, best practices and tips for maximizing efficiency and productivity while using the EBSCO Host Doss Database were shared. These included strategies for evaluating sources, saving time during searches, and staying updated with the latest research.

Interactive Sessions:

The training program incorporated interactive sessions to ensure active participation and engagement among attendees. Practical exercises, demonstrations, and Q&A sessions were conducted to reinforce learning and address queries.

Outcome:

By the end of the training program, participants demonstrated a proficient understanding of the EBSCO Host Doss Database and its functionalities. They were equipped with the skills necessary to conduct comprehensive research, retrieve relevant information, and leverage the database's features to their advantage.

Conclusion:

The training program on the EBSCO Host Doss Database held on August 26, 2018, proved to be a resounding success. Participants left with enhanced research capabilities and a deeper appreciation for the resources available through the database. Such initiatives contribute significantly to fostering a culture of research excellence and information literacy within academic and research communities.
